I hereby declare that I am seeking the Foreign Languages endorsement stated in my official catalog, and as such, I am committed to completing all specified graduation requirements in order to do so.

I am aware that due to the number of courses required for this endorsement that this is not a two-year completion program.

I am aware that the course requirements for the endorsement differs from that of just the major and that any plan of study received by an advisor is subject to change with this declaration.

I also understand that since this declaration occurred after my initial transcript evaluation, some courses previously transferred may be reversed in order to ensure my compliance with College policy (e.g. 42 hour rule, 64 hour rule, etc.)
